Erica and Nidal,

I've attached an updated copy of the newly revised study plan for the proposed NJ work near West Deptford.

I tried to incorporate all of the various comments while keeping it very short and pointed.

I believe this document is going to be used with the Communication Plan to obtain final go ahead clearance from ORD to proceed with the overall project. Once that higher level ORD approval is obtained, we will have to bring together more detailed QAPP documentation typical for this type of project.

Please let me know if you have any questions or final comments on this proposal.

Thank you very much,

Andy
